

GENERAL CONTRACTORS
Henry Carlson Construction LLC

Summary

Henry Carlson Construction is seeking a rough and finish carpenter to join our team.

Henry Carlson Construction provides complete pre-construction, construction and post-construction services for small to large commercial projects throughout Sioux Falls, South Dakota and the Midwest. We pride ourselves on providing the most advanced training, certification opportunities and a strict adherence to the highest level of safety training and implementation. Our employees are experienced in a wide variety of construction styles and techniques and have decades of real-world know-how.

Responsibilities include:

- Building partition walls
- Installation of roof blocking, doors and hardware, door and window frames, bathroom accessories, partitions, casework and lockers
- Operate power tools
- Read tape measure
- Read structural and architectural prints
- Set up and use layout instruments

Henry Carlson Construction offers competitive pay and a benefit package including health, dental, vision, life and 401(k).

Requirements

Rough and finish carpentry experience required.
